Types of Unoriginality

turnitin

Original Thinking When someone submits assignments that are their own work, composed of original ideas built on attributed sources.	Student Collusion Working with other students on an assignment meant for individual assessment.	Word-for-Word Plagiarism Copying and pasting content without proper attribution.	Self Plagiarism Reusing one's previously published or submitted work without proper attribution.	Mosaic Plagiarism Weaving phrases and text from several sources into one's own work. Adjusting sentences without quotation marks or attribution.	Software-based Text Modification Taking content written by another and running it through a software tool (text spinner, translation engine) to evade plagiarism detection.	Contract Cheating Engaging a third party (for free, for pay, or in-kind) to complete an assignment and representing that as one's own work.
Inadvertent Plagiarism Forgetting to properly cite or quote a source or unintentional paraphrasing.	Paraphrase Plagiarism Rephrasing a source's ideas without proper attribution.	Computer Code Plagiarism Copying or adapting source code without permission from and attribution to the original creator.	Source-based Plagiarism Providing inaccurate or incomplete information about sources such that they cannot be found.	Manual Text Modification Manipulating text with the intention of misleading plagiarism detection software.	Data Plagiarism Falsifying or fabricating data or improperly appropriating someone else's work, putting a researcher, institution, or publisher's reputation in jeopardy.
