

"MNLU Mumbai is proud to be part of the Supporting Organizations for the 3rd AIADR International Mediation Competition, organised by the Asian Institute of Alternative Dispute Resolution (AIADR) together with Nanning International Arbitration Court (NIAC).

The AIADR International Mediation Competition returns for its 3rd Edition, continuing its commitment to advancing practical legal education and strengthening engagement in mediation and alternative dispute resolution among law students.

This competition offers participants the opportunity to develop and demonstrate their skills in mediation, negotiation, and dispute resolution within an international setting. It also provides meaningful international exposure by bringing together students, practitioners, mediators, and judges from different jurisdictions and professional backgrounds.

A distinctive feature of the competition is the opportunity for participants to meet and learn from international mediators and judges. Through observation, feedback, and interaction, students are exposed to professional standards and perspectives that contribute to a deeper understanding of mediation practice in an increasingly cross-border legal environment.

With limited team slots available, interested institutions and participants are encouraged to register at the earliest opportunity.
